## Is Your Business Well Lighted?

If It Isn't You're Losing Money!

Hundreds of business men have traced the cause of inefficiency to one simple factor: Inadequate Lighting. IF YOUR building is poorly lighted, it is NOT efficient!

Why not avail yourself of one of our many free services? Call on one of our specially trained consulting engineers and have him look over your business establishment. If it should need better lighting facilities, he will figure them out for you on a systematic and economical basis.

Also, if the occasion arises, he will point out to you various suggestions for further conserving your electric power and for the correct installation and most efficient arrangement of new equipment and materials.

Don't Let Your Profits Be Drugged By Waste Power! For a Survey of Your Lighting Equipment, Without Cost or Obligation, Call

social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

**ication**

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

# INTRODUCTION

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1934 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 17 to 44, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 45 to 442. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 445 to 552. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 553 to 613. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common in-

termediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

### **The Raleigh Directory Library**

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of nearly 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## WHERE CLIMATE, CULTURE, EDUCATION AND BUSINESS UNITE IN MAKING A PROGRESSIVE CITY

(Facts and Information Compiled by the Raleigh Chamber  
of Commerce)

### Statistical Review

Form of Government—Commission.

Population—Raleigh, 37,379; Raleigh Township, 43,182;  
Wake County, 94,757 (1930 U. S. Census).

Location—In the center of North Carolina, on Federal  
Highways 1 and 401.

Area—7.5 square miles.

Altitude—363 feet.

Temperature—Almost ideal, practically never reaching  
zero in winter, and practically never reaching 100 in summer.

Parks—13 park areas.

Museums—State Museum, State Hall of History, State  
Art Museum.

Assessed Valuation—\$42,500,000.

Postal Receipts—\$401,142.79 (calendar year 1933).

Telephones in Service—7,926.

Churches—48, representing leading denominations.

Building and Construction—Average annual value of  
building permits from 1925 to 1930, \$3,054,056.

Industry—Wake County has 83 manufacturing estab-  
lishments, employing 1,646 workers, and having products  
valued at \$7,038,862 annually.

Trade—Retail area has radius of 25 to 50 miles, and  
population of 650,000. Volume of retail trade (1930 U. S.  
Census), \$23,401,823. 76 wholesale establishments, with an-  
nual business of \$22,085,888 (1930 U. S. Census).

Newspapers—2 dailies, 3 weeklies, 4 monthlies and 1  
quarterly.

Auditoriums—New memorial auditorium and convention  
hall, with seating capacity of 4,000.

Radio Stations—WPTF, one of the best in the South.

Hospitals—4 public and 2 private.

Hotels—6, with total of 1,005 rooms.

Amusements—4 theatres.

Railroads—Raleigh is the only North Carolina city  
served by 3 of the 4 principal railroad systems of the state:  
New York-to-Florida line of the Seaboard Air Line; the  
Norfolk Southern, and the Southern.

Highways—Raleigh is on the following hard-surfaced  
State highways: Nos. 10 and 90, the two leading cross-state  
east-and-west highways from the mountains to the sea. Also  
on the following hard-surfaced Federal highways: Nos. 1 and  
401, two important north-and-south highways across the  
state, carrying a large volume of tourist traffic.

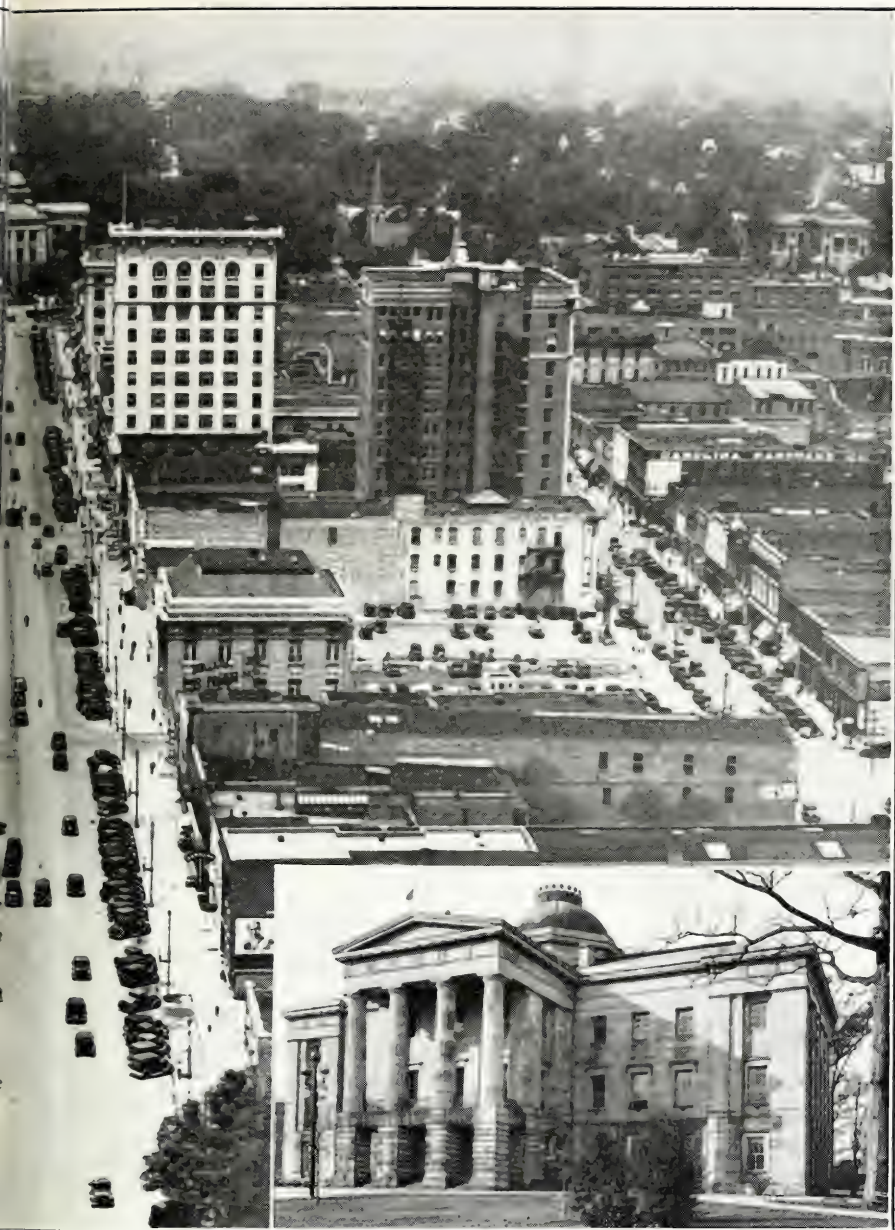

Education—6 colleges, representing a total capital in-  
vestment of \$7,248,000, and having 541 teachers and officers  
and an enrollment of 3,815 students in 1933. 18 preparatory  
schools, including 2 high and 1 parochial. Number of pupils  
in public schools, 8,339. Value of public school property,  
\$2,750,000.

**AERIAL VIEW—FAYETTEVILLE ST**

The handsome and well-equipped new auditorium, located convenient to the u  
tain large conventions and public gatherings. It also gives Raleigh a position as on  
well as conventions that embrace several states. In addition to the large auditorium,  
basement is provided for conventions and business groups of 600 and less. The se  
ness of the auditorium, with its many conveniences, is especially important and et  
able. Exhibits can be most attractively arranged on the main floor. Raleigh as h  
state for several years. An average of 75 conventions a year meet here. The hotel c  
A thousand hotel rooms are available.

## FROM AUDITORIUM TO CAPITOL

ess district, with ample parking space, places Raleigh in an enviable position to enter-  
 ne few Southern cities with auditorium accommodations for national conventions as  
 th a seating capacity of approximately 4,000, a well-arranged assembly room in the  
 d, well-located committee rooms are a valuable and necessary asset. The complete-  
 ding. Exhibit space, required by many conventions, both large and small, is avail-  
 ate capital, centrally located, has been recognized as the convention center of the  
 accommodations are in keeping with Raleigh's progress in providing a splendid auditorium.

Public Libraries—State Library and Olivia Raney Library, with total of 83,682 volumes, both open daily.

City Statistics—Total street mileage, 90, with 75 miles paved. Daily pumping capacity of water works (municipal), 7,000,000 gallons from both the main and auxiliary sources of supply; present average daily consumption, 3,002,322 gallons; miles of mains, 115; number of connections, 8,883; value of plant, \$1,875,000. Fire department has 56 men, with 5 stations, 668 hydrants, and full motorized equipment valued at \$97,480.25.

Wake County Statistics—Area, 824 square miles; population, 94,757 (1930 U. S. Census); value of crops, \$6,720,613; value of farms, \$23,704,963; value of poultry, \$309,195; value of live stock, \$1,767,201; value of dairy products, \$411,924; total farm population, 57,378; motor equipment on farms, 3,400 automobiles, 544 trucks and 182 tractors.

State Government—North Carolina State Departments and Institutions in Raleigh have 2,054 employees, with an annual payroll of \$2,371,374.

### **Notable Facts in Raleigh's March of Progress**

A 53.1% increase in population as shown by the 1930 U. S. Census.

Construction work in Raleigh of all types for 10 years, including 1930, represented an outlay of \$30,000,000, an average of \$3,000,000 annually.

Investments in buildings and equipment of colleges and schools have grown from \$3,400,000 to \$7,500,000 in the past ten years. During the same period the student enrollment in colleges has increased from 1,352 to 3,815.

The retail volume of trade has increased in the past six years to \$23,401,823. The Raleigh retail sales area extends from 25 to 50 miles.

A splendid municipal airport has been provided. It is one of the best in the country. Raleigh is one of the regular stops on the New York-South American trunk air line.

A fine radio station, carrying both chain and local programs, has been provided by the Durham Life Insurance Co.

The North Carolina State Fair, with a group of handsome buildings, enlarged under State ownership and operation, is conducted annually.

Wake County provided a bond issue of \$1,300,000, expended to complete the hard-surfacing of all important through highways in the county, in the interest of both local and tourist trade.

Raleigh has been established as a stop-over for tourist traffic bound to Southern resorts. Highway developments have put this city at the forks of two leading Southern highways—Federal Nos. 1 and 401.

If Raleigh has the same rate of growth during the 1930's as it had in the 1920's, 1940 will find it with 57,905 people. Even the average rate of growth for the last three decades would give us nearly 53,000.

Eastern North Carolina is the section of the State with the greatest undeveloped potentialities, and Raleigh is the logical gateway and distributing point for this vast and fertile agricultural area.

Only six states in the American Union—California, Florida, Michigan, New Jersey, Arizona and Texas—exceed North Carolina in percentage of population growth 1920-1930—23.9%.

And Raleigh's percentage of growth 53.1%—was more than twice as great as that of the state as a whole.

### **Raleigh—Old and New**

Raleigh, established, bought and paid for March 31, 1792, as the chosen capital of North Carolina, was the consummation of a well-laid and definite plan. The construction of the first capitol building was begun in 1793 and finished in November, 1794. Destroyed by fire in 1831, it was then replaced by the present State Capitol, one of the most beautiful in America.

For a hundred years Raleigh made slow but steady growth. With the coming of the Twentieth Century the city blossomed forth with new vigor and all-round progressiveness.

In 1907 the completion of the Masonic Temple marked the coming of modern fireproof buildings, and then came 1911-1915, the handsome State Library, Supreme Court, and Historical Commission Building; the Citizens, Commercial, and Raleigh Banking & Trust Co. buildings, and the modern and spacious City Auditorium—indicative of Raleigh's new spirit.

Many people when asked when Raleigh began to grow, reply, "When it built the Auditorium." The latter fixed it as "the convention city of the state" for all the greater public gatherings.

The end of the World War brought about another period of extensive development, and then came the new State Hospital, the new State School for the Blind, the Agricultural Department building, the beautiful D. H. Hill Library building and new structures of the North Carolina State College of Agriculture and Engineering; the Odd Fellows building; the new plant of Meredith College; the Morson and Broughton High Schools, modern and fireproof; Sir Walter Hotel; the Professional Building; the Carolina Hotel; the Capital Club's new twelve-story office building, and many other structures, in addition to extensive street-paving and municipal improvements, and the advent of North Carolina's great highway construction program.

### **A Center of Education**

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 30 major buildings in the plant. It had an enrollment—constantly growing—of 1,619 in 1932. It embraces four schools—agriculture, engineering, science and business, and a graduate school.

Meredith College, a Baptist college for women, was opened in 1899. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro road. Courses are offered in arts, sciences and music.

St. Mary's School and Junior College is owned by the Episcopal church of the Carolinas. The highest standards are maintained with all academic courses fully accredited by the Southern Association. The annual sessions offer the student thirty-five weeks of classroom work. An average of twenty states are represented in annual enrollments.

Peace, a junior Presbyterian college for girls, was opened in 1872. It offers special courses in arts, sciences, music and expression. A number of new and up-to-date buildings have been added in the past three years and the enrollment has grown rapidly.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

The well-equipped and up-to-date public school system of Raleigh has 18 buildings, including two high schools. In the past ten years bond issues totaling \$2,300,000 have been voted to provide new buildings.

A recently-organized school of arts known as the Southern School of Creative Arts is located here.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The University has 11 buildings. Degrees of A. B. and B. S. are conferred.

King's Business College and Hardbarger's Secretarial School are two well-organized colleges for business training. King's Business College is headquarters for a group of similar business colleges in North Carolina and Virginia.

St. Augustine College (Episcopal) for colored men and women was opened in 1868. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant, erected at the cost of \$250,000, is located on Highway No. 10, three miles southeast of the city.

### **Raleigh's Commercial Advantages**

Raleigh is both a distributing and trading center for a large territory. It is neither east nor west in North Carolina. It stands at the crossroads logically situated to serve economically a wide area, with ease of access to the industrial Piedmont and to the agricultural East.

Its rapid development as a wholesale center is emphasized by the fact that there are 76 such establishments here, doing an annual business of \$22,000,000. For the same reason that it is a good wholesale center, it is also rapidly increasing as a location for headquarters offices to serve both this and adjoining states.

Nine modern fireproof office buildings provide more than 1,000 offices.

Raleigh's importance as a retail shopping center is shown by the fact that this volume of business in 1929 was \$23,401,823 (U. S. Census); 572 retail establishments, and 2,417 employees. This trade is drawn from an area extending 25 to 50 miles, embracing a population of 650,000. It has a potential trade territory of twenty-nine counties. Raleigh has many fine stores offering a wide variety of merchandise.

One of the city's greatest assets is its transportation facilities. It has the advantage of having three separate railroads—it is located on the main line of the Seaboard Air Line from New York to Florida; on the Southern, connecting with its main line from New York to New Orleans, and on the main line of the Norfolk Southern. Twenty passenger trains pass in and out of the city every twenty-four hours. With its central geographical location, it is important to the manufacturing cities of the North and East. Six bus lines operate in and out of Raleigh. The owners of these lines and points they cover are as follows: Southerland Bros. Bus Line from Washington, N. C., to Raleigh. Coastal Coach Co. from Norfolk, Va., to Raleigh. East Coast Stages, with headquarters in Raleigh, operating between Washington, D. C., and Charleston, S. C. The Atlantic Greyhound Lines, with headquarters at Charleston, W. Va., operating from Richmond, Va., through Raleigh to Charleston, S. C. The Richmond Greyhound Lines, with headquarters in Richmond, operating from Washington, D. C., to Raleigh. The Carolina Coach Co., with headquarters in Raleigh, operating between Raleigh and Norfolk two routes, Raleigh and Charlotte two routes, and Raleigh and Washington, N. C., Raleigh and Fayetteville, N. C., and Durham and Chapel Hill, N. C. These lines and their connections cover the entire state on convenient and regular schedules. There are 2,000 miles of hardsurfaced roads within a hundred-mile radius.

Raleigh is the headquarters of the Carolina Power and Light Co., which supplies current to 235 cities and towns in North and South Carolina. The rates in Raleigh and communities served by this company are in line with the lowest obtained in the South, and for large consumers very attractive rates are offered. Over a ten-year period the Carolina Power and Light Co. has developed its electric horse-power from 47,000 to 340,000.

Gas is supplied by the Raleigh Gas Co., offering a splendid service and reasonable rates. The number of consumers is 3,800.

The city water pumping capacity is 7,000,000 gallons per day (24 hours) and the consumption is 3,002,322 gallons. Many improvements have been made to provide an adequate supply for present and future needs, including new pumping station, reservoir, filtration plant and water lines.

Raleigh is an insurance center. It is the home office of four insurance companies, all of which are rapidly growing. These companies are the Durham Life Insurance Co., Occidental Life Insurance Co., North Carolina Home Insurance Co. (fire), and the Atlantic Fire Insurance Co. Many of the large insurance companies of the country, including fire, life, health and casualty companies, maintain headquarters or general state agencies in Raleigh. There are 786 officers and employees in the insurance companies here. The annual payroll is \$1,396,200.

The city is in the center of a rich farming country, producing a great variety of crops, including corn, cotton, small grain, tobacco and truck. The Department of Commerce shows the value of farms in Wake County to be \$23,704,963. This is the second highest in the state. An adjoining county with a farm value of \$25,777,998 leads the state.

#### **What to See in Raleigh**

As a center for tourists during the winter months, Raleigh, located at the forks of two national highways, has

become a city of prime importance. Some indication of this is reflected in the hotel registration, which averages from 40,000 to 50,000 during the winter months. The city abounds in historic traditions, and the thousands of visitors enjoy the following places of interest: Historic old State Capitol Building, famous for the beauty of its architecture; State Museum and Temporary State Art Museum; State Hall of History; four famous colleges: North Carolina State College of Agriculture and Engineering, Meredith College, Peace, and St. Mary's; President Andrew Johnson's Birthplace (in Pullen Park, near State College); four points of special beauty: Christ Church, Dix Hill, Country Club, Federal Cemetery; Carolina Pines, a well-known recreational center, located two miles south of Raleigh on Federal Highway 401; Governor's Mansion and Grounds; Public Libraries: State Library and Olivia Raney Library (with children's section), open to public all day; Institutions for Negroes: Shaw University and St. Augustine's College.

Monuments and public memorials on Capitol Square and in State Department buildings include a replica of Houdon's famous statue of George Washington, and memorials to the following North Carolinians: Senator Z. B. Vance, Governor Charles B. Aycock, Dr. Chas. D. McIver, Henry L. Wyatt, Worth Bagley, "O. Henry," and Chief Justice Ruffin.

### **Industry and Income**

Raleigh has 41 industries with a capital investment of \$4,105,400, and the annual output amounts to \$4,190,799. There are 905 workers in these plants and the annual payroll is \$1,054,430 (U. S. Census figures). In addition, and related to industrial pursuits, there are 1,624 persons employed in other than manufacturing industries and the combined payroll for this group is \$2,496,714. This classification includes public utilities, railroads, highway repair depot and other industrial workers. Five hundred and forty-one officers and teachers are employed in the colleges within the city of Raleigh, with a total annual payroll of \$1,040,608.

The largest group payroll in Raleigh is in the North Carolina State Departments and Institutions, where there are 2,054 employees, receiving annual salaries amounting to \$2,-371,374.

The 786 employees of the insurance companies located here, including the home companies and branch offices, receive \$1,396,200 annually in salaries.

A summary of the groups indicated makes a total of 5,910 employees and an annual payroll of \$8,359,326.

Raleigh is interested to secure additional industries. One particular factor highly favorable to this proposed expansion is the electric power resources in this section. The Carolina Power & Light Co., with headquarters here, has three hydro-electric plants and one steam plant to serve this territory.

### **Raleigh—A Good Place to Live**

Raleigh is a modern city of the new South, which combines old Southern charm with present-day enterprise and progressiveness.

Raleigh is recognized as one of the best cities for residence in the Southeast, offering an exceptionally wide variety of recreational advantages. The Carolina Country Club

has a splendid 18-hole golf course. Raleigh also has a new public 18-hole golf course.

Carolina Pines, a new recreational and resort development of unusual merit, located at Raleigh, is attracting considerable interest and patronage. A large investment in recreational facilities, including an 18-hole golf course, riding academy, lake, boys' and girls' camps, and tennis courts, have been provided for the use of the public. The equipment includes a hotel, clubhouse, gymnasium and two up-to-date eating places.

There are four well-equipped picture houses.

Raleigh is exceptionally well provided for in hotels. There are six hotels, with a capacity of 1,005 rooms. This includes such hotels as the Sir Walter, Carolina, Bland, Raleigh, Mansion Park and Wright.

Raleigh is recognized as the convention city of North Carolina. This is substantially borne out in the fact that this city entertained 60 state and interstate conventions and meetings during 1933.

The five luncheon clubs of the city and the Woman's Club, a civic organization, contribute to the fine community spirit here. These organizations are: Rotary, Lions, Kiwanis, Civitan, and Business and Professional Women's Club.

Raleigh is beautifully situated. Its climate is equable. Its broad and beautiful streets seem to have been laid out with foreknowledge of an automobile age. It is a wholesome, democratic city where the wealth and prestige of no one man or family dominates the rest, but where the enterprise and progressiveness of the mass of its business and professional men are making the city great and will make it yet greater.

### Chamber of Commerce

The Raleigh Chamber of Commerce is a substantial, well-organized and representative body. The membership cooperates in a wide variety of activities in commercial development. A function of particular importance is the information service. Inquiries are given careful and prompt consideration, and visitors are always welcomed.

## Is Your Building Well Lighted? *If It Isn't, You're Losing Money!*

Undreds of business men have traced the cause of inefficiency to one simple factor: Inadequate Lighting. IF YOUR building is poorly lighted, it is NOT efficient!

Why not avail yourself of one of our many free services? Call on one of our specially trained consulting engineers and have him look over your business establishment. If it should need better lighting facilities, he will figure them out for you on a systematic and economical basis.

Also, if the occasion arises, he will point out to you various suggestions for further conserving your electric power and for the correct installation and most efficient arrangement of new equipment and materials.

# Saint Mary's School and Junior College

Raleigh, North Carolina

MRS. ERNEST CRUIKSHANK, B. S., Principal

---

Owned by the Episcopal Church of North and South Carolina  
Founded in 1842 by Rev. Aldert Smedes, D. D.

---

Ninety-third Annual Session  
Sept. 10, 1934—May 28, 1935

---

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years of grade A college work, all academic courses fully accredited by the Southern Association. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

Students, resident in Raleigh, are welcome as day students and may enjoy all the advantages offered by Saint Mary's. The tuition charge for day pupils in the Academic or Business Departments is one hundred and twenty-five dollars for the session.

At Saint Mary's the discipline is intimate but firm, with home-like influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of modern womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

## The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

This sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business,

## But Your Directory Advertising is before the entire community

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

# The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

## HILL'S RALEIGH

Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

### 1934

Copyright, 1934, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others, refer to Alphabetical List of Names.

\* \* \* between two intersecting streets designate there are no houses between them.

(c) denotes colored.

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

# Population of U. S. Cities of 25,000 Inhabitants or More in 1930

# THE CITY DIRECTORY

represents the City and its  
institutions in every cor-  
ner of these United States,

## Are You Properly Represented In It?

---

The Classified portion  
catalogues the professions  
and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING  
SO THE PROSPECTIVE BUYER CAN FIND YOU?

---

*“Think It Over”*

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
